**PROJECT PLAN – Marking criteria**

Student(s) name(s) and numbers:

Assessment criteria	Comments/Mark
<b>Title</b> Title is less than 20 words long. It reflects the topic and the goals of the project.	(__ / 1)
<b>Background</b> Note that some of the bullet points in the project plan specs will not be relevant to some projects. Those are just potential questions that students should assess, and decide whether or not to include, depending on their WIL project topic.	(__ / 25)
<b>Aims</b> Describe the objectives of the project for the whole year.	(__ / 15)
<b>Methods and activities</b> Same as the background. Some of the points might not be relevant depending on the project topic.	(__ / 25)
<b>Ethics considerations</b> Discuss any ethics considerations that might emerge from the project	(__ / 10)
<b>References</b> For this project and at this stage, please aim at 6-10 references. References can be textbooks, online documents, research papers and websites.	(__ / 4)
<b>Presentation of the document</b> Clarity of written English and flow of ideas. Use formal language. Use of visual aids when appropriate to help the reader understand the message. The document should look professional, i.e. follow a design consistently. Avoid using multiple font types, difference alignment and line spacing in different parts of the document. Make sure that figures and tables are numbered, have captions and are cited in the main text.	(__ / 20)

**Total: \_\_ / 100**
