INFT3800 - S1/2021
Workshop/Tutorial – Week 3
Web Accessibility & Gender Equality
School of Electrical Engineering and Computing
University of Newcastle

A. Quiz 1
   You will take Quiz 1 with 20 questions for 20 minutes.

B. In this workshop, you will look into the following articles/documents:
   - World Wide Web Access: Disability Discrimination Act Advisory Notes
   - Workplace Gender Equality Agency
   - IP Australia Basics

Next, please discuss the following questions:

1. Based on your reading on World Wide Web Access: Disability Discrimination Act Advisory Notes, discuss with your friends the following questions:
   a. Why Web Design needs to be widely accessible?
   b. As an IT practitioner, how do you promote equal access on the web?
   c. What are the main principles based on Web Content Accessibility Guideline (WCAG)?

2. Based on your reading from Workplace Gender Equality Agency, discuss the following issues with your friends:
   a. How ICT empowers women?
   b. Can ICT promotes gender equality at workplace?
   c. How to close the digital gender gap?

3. Based on your reading from IP Australia, discuss the following questions with your friends:
   a. What are the types of IP? Software falls under which category of IP?
   b. What is the difference between standard patent and innovation patent?
   c. Why going public before getting the patent may stop us from getting our product patented? Discuss any possible scenarios!
